TECHNICAL OPERATING DATA:

Item No.	Height	Color	Number of LEDs	Input Voltage	LED Power (W)	Radiance (Angle °)	Color Temp (K)	Luminous Flux (lm)
PLG102S	H 36 (mm)	White	1	12VDC	2	60	2700-6500K	120

TECHNICAL FEATURES:

Dimensions: 18mm (width) x 60mm (height) x 50mm (length)

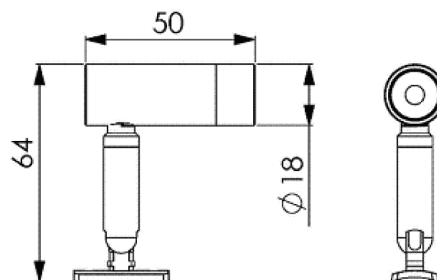

Materials: Hard anode oxidation of Al alloy after machining, Acrylic Lens

Light Source: CREE high power Led

Operating Temperature: -20°C to 40°C - Indoors

Warranty: 2 year with proper installation and power supply

Installation: 2 M3.0 screws make it easy to install
