### 1. Installation

1. Insérer, appuyer et coller les rubans DEL supérieurs (suivre guide de 10mm) et latéraux (optionnel) dans la barre profilée. Acceptera un ruban DEL 14 et 10 mm de large maximum respectivement.\*

2. Appuyer et coller le ruban DEL inférieur sur le rail. Suivre les guides de 10 mm ou 14 mm. Acceptera un ruban DEL 33 mm de large maximum.\*

\* Les rubans DEL sont vendus séparément.

### 1. Installation

1. Insert, press and glue the upper LED Strip Tapes (follow 10mm guide) and lateral LED Strip Tapes (optional) into the profiled bar. Will accept a 14 and 10 mm wide strip maximum respectively.\*

2. Press and glue the lower LED Strip Tape onto the rail. Follow 10mm or 14mm guides. Will accept a 33 mm wide strip maximum.\*

\* The LED strips are sold separately.

## 1. Installation

3. Glisser le rail à l'intérieur de la barre profilée.

4. Mettre les lentilles en place. Si aucun ruban DEL latéral n'est pas installé, remplacer la lentilles latérales avec panneaux décoratifs (B).

5. Glisser les supports de suspension, puis reserrer les vis.

5. Mettre les embouts et les visser en place.

## 1. Installation

3. Slide the rail into the profiled bar.

4. Clip the lenses into place. If no lateral LED strip tape has been installed, replace lateral lenses with decorative panels (B).

5. Slide in the suspension brackets, then tighten the bolts.

5. Install the endcaps, attach them with screws.
